Projects

Jack And Friends LLC

Jun 2019 – Aug 2022

- **Objective:** To establish an asset acquisition and reselling company focused on maximizing client success and scaling to adapt to changing market landscapes.
- **Initiation:** Founded my own company at age 16, called Jack And Friends, LLC
- **Technology Utilization:** Operated over 14 different software programs using AWS to enhance purchasing capabilities for myself and over 150 clients through Sunset ACO.
- **Revenue Management:** Successfully managed and tracked various revenue streams to ensure all cash flow was properly accounted for and optimal.
- **Social Media Strategy:** Implemented an effective social media strategy to enhance brand awareness and client retention rates, driving growth and media engagement.
- **Process Optimization:** Constantly optimized my operating processes to improve efficiency and scalability, ensuring my company remained competitive and agile in volatile market landscapes.
- **Outcome:** Achieved significant growth in annual revenue, expanded my network, and established fundamental business strategies, setting a foundation for future success.
